HELPING WITH YOUR BUSINESS IS OUR BUSINESS

PART OF THE AUCKLAND LANDSCAPE

Based in Newmarket, HWI have been successfully servicing the needs of clients since 1974.

HWI prides itself on being one of Auckland's larger locally-owned chartered accountancy firms with a broad spectrum of clients locally, nationally and internationally. This says we're big enough to have the core competencies needed to meet the increasingly complex demands of today's business environment. However, we're also small enough to provide the continuity and personalised service that clients should expect of a business partner.

Working in a culture which encourages leadership, enthusiasm and innovation, our team of trained professionals realise the secret to our continued success is the delivery of business and accounting solutions that make a difference.

HWI's central Newmarket location is convenient with plenty of secure client parking provided.

HELPING WITH YOUR BUSINESS IS OUR BUSINESS

OUR VISION STATEMENT COULDN'T PUT OUR REASON FOR BEING MORE SIMPLY... OR MORE ACCURATELY.

As a specialist chartered accountancy company, HWI certainly knows the basics of business. The recipe for success today however, relies on having partners who can actively offer more than just the fundamentals. The competitive edge comes from having dedicated, trustworthy professionals working in ways that really contribute to your success, financial well-being and bottom line.

“HWI SEEKS TO DEVELOP LONG-TERM RELATIONSHIPS WITH INDIVIDUALS, OR BUSINESSES, LOOKING TO ACHIEVE SUCCESS.”

This is why, in order to be a credible partner adding value to your business, HWI has developed a culture, and a portfolio of services, designed to help you maximise your performance.

Providing these services are a group of well-trained and highly-motivated professionals. As individuals, or part of a larger team, our people are dedicated to providing solutions that are creative, accurate, add value and enhance profit.

This human quality and commitment is further enhanced through our investment in, and use of, leading edge technologies and systems designed to provide relevant and timely information to help in day-to-day, as well as long term, decision making.

We put a premium on on-going training and professional development. Through our affiliation with JHI - an accounting network with 124 member firms in 52 countries - we also have access to the latest in international business, accounting trends and developments.

PARTNERS IN YOUR PLANS

At HWI we believe that creating a profitable tomorrow demands careful, and effective, planning today. While most accounting firms view their client's personal and business situations as history, we believe that this information is better served as the foundation for the future.

This is the orientation we adopt in helping you with your business and accounts for the premium we place on planning.

As your business partners, we'd like to be an active part of your plans. Through the implementation and monitoring of well-considered and realistic plans, our focus is on maintaining and building wealth and success for individuals and businesses.

PARTNERS HELPING YOU TO ACHIEVE BUSINESS SUCCESS. THAT'S BASICALLY WHAT HWI IS ALL ABOUT.

WHAT OUR CLIENTS SAY

“HWI have assisted me both personally and in the companies I represent with innovative yet practical solutions. While they are large enough to meet all my requirements in-house, they remain approachable and professional from the front desk to the partners.”

Greg Jillings, General Manager, Econo Built Systems Ltd

“My businesses have been built on service, proactivity and responsiveness; it is really helpful to have HWI as my accountants and business advisors, sharing these same attributes.”

Stephen Harris, Managing Director, Graffiti Solutions Ltd
